

CAREERS - STUDENT FEEDBACK

YOU SAID:

I would like to speak to Engineering (motorsport engineering) dentistry and NHS Teachers / nurseries and any childcare industry

I would like to learn more about : BTEC, GCSE, A Levels, T Levels, Apprenticeships

I would like to speak to people in different pathways

I would like CV practice and Mock interview practice

WE DID:

We have invited Child care providers such as Norton to careers fair, but also careers days will include Bernardos and NHS workshops, Science are also inviting a midwife into school to speak to students. Sixth form have enjoyed first aid sessions delivered by the red cross

We have included more about different qualifications and pathways not lessons and assemblies including Coventry college sessions on CVs and T Levels

We have delivered Proactive sessions for mock interviews and CV writing, Coventry college will also be running sessions on CVs in KS4. KS4 will also receive sessions on applying for apprenticeships

Our library also now has a careers section with information about different qualifications, in Sixth form we have our UCAS advisor, careers corner and bookable appointment slots for help with any onward steps.

We have filmed a video from our Alumni available on our website to help you get first hand advice about options when leaving year 11 and sixth form.

Sixth form students will be offered the opportunity to attend a mock interview in July.

STUDENT QUOTES

YOU SAID CAREERS EDUCATION WAS BENEFICIAL BECAUSE

Careers education is beneficial because it has helped me become aware of what I need to lean / achieve to go into a profession that I would like

It benefits me and others because it gives us an idea of what we might want to do when we are older in the future

Careers education benefits you throughout your life as you grow older because if you learn about most careers then you can achieve them

It helps me understand how jobs are done and how much certain jobs are paid so it gives me more of an idea

It gives me ideas about what jobs I could do in the future and how to correctly behave in a work setting so we are more likely to get a job in the future

It gives me a wider knowledge on different careers I can pursue in the future

Careers education allows me to see the bigger picture and find a job that interests me and lets me ask questions

It gives me choices for what job I want in the future

YOU SAID WHAT WAS BEST ABOUT OUR CAREERS PROGRAMME WAS

I like that the careers events are engaging for the students and very informative about the pathways I can take in the future

I like that we get to see different people in the job you might want to do when your older that you are interested in

You get to explore more about different careers and what they do

I love the trips as it's a fun interactive way to learn about different careers

It gives you a taste on how different jobs go in the real world. And it gives other students an idea of a potential job they could do

Taking part in events

That we are able to gain knowledge and gain ideas about what we might want to do in future

Learning about the different jobs in each subject can lead you to

I like that Etone allows you to talk to different careers and see day to day life of some workshops and allows you to ask questions to different career opportunities
